

UNIFORM POLICY

PURPOSE

The purpose of the North Lakes State College Uniform Policy is to ensure a strong commitment to the values of our College and the clear processes that underpin commitment to the community. This Policy is in alignment with *Education Queensland GPA 2006, Student Dress Code Expectations (1/11/2018)*. The Uniform Requirements have been designed to support an inclusive model of unisex options for all students.

At North Lakes State College we actively encourage students to take pride in themselves and their school. Students demonstrate pride by presenting themselves in a neat respectful manner in accordance with the College vision and mission statement.

STATEMENT OF INTENT

North Lakes State College Uniform Policy consists of an agreed standard and identifies the uniform that students wear when:

- attending or representing the College;
- travelling to and from the College; and
- engaging in College activities outside of regular College hours.

North Lakes State College Uniform Policy aims to contribute to a safe and supportive teaching and learning environment through;

- ready identification of students and non-students of the College
- fostering a sense of belonging
- developing mutual respect among students by minimising visible evidence of physical, economic or social differences
- minimising exposure to hazards by adopting uniform items that ensure adherence to Workplace Health and Safety procedures.

Students with specific health matters or religious beliefs that may impact on wearing of the College uniform as per the policy are requested to meet with the Year Level Deputy Principal to discuss.

At North Lakes State College we recognise that there will be some Senior Year 11 and 12 elective subjects where students may need to wear appropriate clothing and/or footwear to comply with Workplace Health and Safety requirements for that subject e.g., steel-capped boots in Engineering. These requirements will be listed on the resource list for each subject.
