

Semester One - 2020

Dear Parents,

To support our BYOD Program, we will require some applications to be downloaded onto student devices. Please see the below list for students in Prep and Years 1 to 2. Other applications will be required as we progress throughout the year. The following applications do not require payment and are therefore free of charge through the App Store or Google Play Store. If you require any assistance with student devices, please do not hesitate to contact the BYOD team on byox@northlakescollege.eq.edu.au

Thank you for your participation in this innovative program as we progress our 21st century learners into the future and beyond.

APPLICATIONS for PREP to YEAR 2

Links to Curriculum	Name & App store Link	Logo	Information and Price	Size, Requirement, and price.
