

North Lakes | STATE COLLEGE

Inspire

Academic

PROGRAM

Year 7 - Year 8 - Year 9

The Inspire Academic Academy is designed to challenge and extend students who have a passion and motivation to enhance their learning through a greater in-depth study of the content within the Australian Curriculum.

Students will also have the opportunity to learn from and alongside industry and tertiary experts as they apply their learning to real-world applications. 21st century learning with digital literacy skills embedded into the curriculum will further enhance the students' learning experience.

The curriculum is designed to provide a pathway through the senior phase of learning into post-schooling tertiary studies.

Students are required to meet (and maintain while in the Inspire Academy) minimum standard of A or B for Achievement in Core subjects, and A or B in Effort and Behaviour across all subjects.

Students will require an iPad to participate in this program. Information regarding minimum requirements for the iPads and purchasing options can be found [here](#).
